XML Part 4: Assessment Quiz
Regrade Request

Hello Don,

I would like to request a re-grade for the **XML Part 4- Assessment Quiz.**

 Question 1, answer 1, I wrote that the root tag was: <rss></rss> but the correct answer was listed as rss.

Question 2, answer 1: I wrote that the root tag was <LinearLayout></LinearLayout>.
The correct answer is listed as Linear Layout.

 Question 3, answer 1: I wrote that the root tag was :
<phone:FormsApplicationPage></phone:FormsApplicationsPage>
and the correct answer is listed as phone:FormsApplicationPage

The desired outcome would be to be given credit for these answers, and receive grade to change
 to an 18/20 (I answered incorrectly on one other question that was worth 2 points).

Thank you.
Best Regards,
-Tina Hong
